RCSI Bahrain is a constituent university of RCSI in Dublin, Ireland. It was officially opened in October 2004. RCSI Bahrain is internationally recognized as a world-class institution providing healthcare education and training. It accommodates up to 2000 students and staff.

St. Stephens Green restaurant needed a new floor. To minimise disruption, the solution was the Designflooring Palio Core range, which could be fitted on top of the existing tile floor. This enabled the quick turnaround and reopening of the main restaurant in time for the new semester.
